Veteran Organizations Join To Honor Memory Of Departed Comrades

Preliminary arrangements for the observance of Memorial day indicate that Andover will have the largest and most colorful Memorial day parade in its history.

There will be five musical units in line including the Punchard Girls' band and the Sacred Heart school band; also the Clan McPherson bagpipers, the American Legion band of Lawrence and the Pioneer drum corps of Lawrence.

Marching with the local veterans' posts will be a U.S. Marine Corps color guard, a contingent from Fort Devens and, for the first time, the Naval Reserve Surface Battalion 1-5 of Lawrence, 200 strong, with Cmdr. Frederick A. Peterson, USNR, of Andover in charge. This organization will be in two divisions, Bn. 1-17 with Lt. Cmdr. James G. Prout Jr., USNR, of Andover in charge, and Bn. 1-15 with Lt. Cmdr. John B. Harrison, USNR, of North Andover in charge.

Units of the boy scouts and girl scouts and a contingent of local Gold Star Mothers will also be in line.

Honor School Bus Driver At Testimonial

Tribute to a bus driver who has transported children of the town to various schools for half a century without an accident was paid Alvah P. Wright at a testimonial dinner Tuesday night in the Central elementary school cafeteria.

Some 200 or more persons, many of whom as pupils had ridden with Mr. Wright in past years, attended the affair which was conducted with very simple ceremonies.

Supt. of Schools Edward I. Erickson was master of ceremonies. After the dinner Mrs. Howard Young, chairman of the committee, presented a bouquet to Mrs. Wright. Supt. Erickson then introduced Benjamin F. Dimlich, sub master of the junior high school, who as a student had been one of Mr. Wright's riders, and he presented the guest of honor with a purse.

With these ceremonies completed the gathering adjourned to the Central school auditorium where a group of songs were sung by the Andover Male chorus under the direction of J. Everett Collins.

Our Tax Rate Goes Up

Announcement of a $3 increase in the town's tax rate to a new high of $47 for the present year is not much of a surprise to those who follow municipal affairs.

After the last town meeting when the largest appropriations in the town's history were voted J. Everett Collins, chairman of the board of assessors announced that there would be an increase in the tax rate and foresaw a jump of at least $2.50.

Several factors enter into the increase in the cost of running the town government. Total requirements for the year are greater than in 1953 and there has been a drop in estimated receipts from the amount received last year.

In arriving at the rate the assessors had an average yearly increase in valuation to help them but this has been offset by a general increase in all departments.

For instance, the town's growing school population accounts for an increase of over $40,000 in the school department budget. Then there was the $5 weekly pay increase granted to town employees by the 1953 town meeting, only 40 weeks of which were paid last year while provision for a full 52 weeks has to be made for this year.

Other items enter into it with the result that the amount to be raised by taxation this year is more than $100,000 over 1953.

The town is well served by capable officials who are conscientious in their duties to the town and to the taxpayers. They exercise due care in the manner in which funds are budgeted and are aware of the burden which growing expenses places upon those who pay.

A pleasant part of the picture is that the town is in good financial condition. Municipal services have not been curtailed and with judicious management of its funds the town is capable of matching strides with the advancing times.

SCIENCE and your Health

DON'T KISS A PARROT!
By Science Features

People who get too close to their pet birds run the risk of getting psittacosis, commonly known as parrot fever. The increasing nation-wide popularity of parakeets, parrots and love-birds as pets is believed to be the main cause for the rising rate of this relatively obscure disease.

In the first two months of this year 23 cases were reported by the U. S. Public Health Service, about four times the average number that occurred during the same period in 1945.

The symptoms and treatment of parrot fever are almost the same as those of virus pneumonia. This lung infection is accompanied by headaches, sore throat, chills and fever when the disease strikes. Before the introduction of antibiotics one out of every five recorded parrot fever cases resulted in death. Treatment today usually consists of rest in bed with doses of antibiotics. Doctors at the University of Texas Medical Branch reported that treatment with terramycin led to recovery of two psittacosis patients within three days.

Sparrows, pigeons and ducks can also carry the disease, and the birds need not be infected themselves in order to spread the virus that causes the fever. People can catch the illness by close association with these feathered friends or by direct contact with them.

A warning was issued recently by the Medical Society of New Jersey against kissing parrots or parakeets or allowing these pets to take food from one's lips. Some kisses, the medical society admitted, are undoubtedly worth running a risk to enjoy. Kissing birds, however, should be left to other birds.

Junior Lg. Team To Play May 23

The first game the Andover team in the Greater Lawrence Junior League will play will be against Methuen on the latter's grounds the afternoon of Sunday, May 23. The next game will be at home, Thursday, May 27 with South Lawrence West as the opponent.

Erler coach. A large committee of club members has been formed to take care of details connected with the team.

All members of the eight teams will report tonight at 8 o'clock to the Lawrence YMCA for a physical checkup. Movies of the recent world series games will be shown afterward.

Methuen 1, Punchard 0

In a closely contested game on the Gill avenue grounds in Methuen one unearned run gave Methuen a 1 to 0 victory over Punchard last Thursday afternoon.

That run came in the second inning. Wainright singled to open the inning and stole second. Donoval sacrificed him to third and on another bunt Fisher's throw got away from Anderson for an error and the run was in.

Other than this the game was a pitchers duel between Johnny Murry and Ed Sperling. The latter pitched a four-hitter and Murray allowed only five. Methuen produced one or two more threats but in each instance the Punchard defense shut them off without damage.

Twirls No-Hitter

Bob Grudzinski entered his name on the schoolboy roster of baseball greats by twirling a no-hit, no-run performance against Tewksbury in a Merrimack Valley Suburbal League game at the playstead May 14 which Punchard won 4 to 0.

In chalking up this record he fanned 10 batters and was in trouble in only one inning, the fifth, when the first two batters reached on errors and advanced to second and third. On an attempted squeeze he gathered in the bunt and cut down the runner at the plate, then forced the following batter to pop up and whiffed the next.

On two occasions he got sparkling support, Bill Mooney making a great stab of a grounder over second and getting the runner at first. Larry Lynch pulled down a long drive in right center after a long run.

Only six balls were hit to the outfield and only one runner got as far as third.

Littlest Listeners To Close Season

The Littlest Listeners are bringing their year to a close with a series of little "parties" and already the Robins have entertained their mothers, who sat in on the last day program and provided the "party" materials.

Ballardvale Littlest Listeners voted to continue their story and music hour until today, when their party closes a most interesting and enjoyed year.

Wednesday, May 26, the Bluebirds will come together for the last time as a group, and will show mothers, who will remain in the room, how well they have learned to listen, take part and share experiences before they have their party. Any little person who has attended any meeting of the group will be most welcome.

Red Cross Group Visits Bedford

The board of directors of the local Red Cross chapter visited the Bedford Veterans' hospital last Thursday evening. Miss Pitman and Mr. Griffin of the hospital staff described the rehabilitation work and showed slides of various phases of activities there. The local members had an opportunity to tour many of the buildings and to look in on a dance which the patients were having.

Those who visited the hospital were: Mrs. C. Edward Buchan, Mrs. Frederick Butler, Mrs. Alden S. Cook, Leo Daley, Mrs. Leon A. Field, Roy Hardy, Mrs. Harold A. Johnson, Miss Barbara Loomer, John M. Murray, Winthrop Newcomb, Samuel Resnik, Mrs. J. J. Tavern, Charles B. M. Whiteside, and Ernest S. Young.

Legion "Old Timers" To Hold Reunion

The "old timers" of Andover post, 8, American Legion will hold a reunion at the post headquarters at 8 p.m., Saturday, May 22.

There will be no program, just a get-together to sit around and renew old friendships. There will be plenty of refreshments and perhaps a few songs on the "Hinkey Dinkey Parlez Voo" variety to revive memories of the "old days."

A large number of the "old timers" are expected to show up for this occasion which is being arranged by a committee made up of Joseph McCarthy, Arthur Coleman, Joe Remmes, Al Johnson, William Gordon, Stafford Lindsay and Cmdr. Albert Cole Jr.

P.S. After word of this "old timers' night" got spread around the younger boys (the WW2 members) wanted in on it, so Cmdr. Al Cole invited them. Now the battle is to see which group will have the biggest turnout, the WW1 oldsters or the WW2 youngsters. There will be enough hot dogs and hamburgers for all.

LINDSAYS TO LEAVE ON WESTERN TRIP

Mr. and Mrs. Stafford A. Lindsay of Lincoln circle will leave May 28 for the mid-West for a trip of two weeks. On June 6 they will see their son, Richard, graduate from Michigan State college with a degree of doctor of veterinary medicine. They will be accompanied by their son-in-law and daughter, Mr. and Mrs. Donald Boynton of West Wind rd. While in the mid-West they will spend some time with their son, Stafford A. Lindsay Jr., and his family in Belvidere, Ill.

Several Reasons For Tax Increase

In announcing the tax rate last week the assessors noted several reasons for the $3 increase which boosted the 1954 rate to $47.

There was a general increase in all departments. One reason for this was that the full effect of the $5 increase to all town employees granted by the 1953 town meeting was felt in the 1954 budget which had to provide for 52 weeks of this raise in comparison with last year when it was paid for only 40 weeks, having gone into effect in April.

The large increase in the school department budget accounted for more than $40,000; the returns from the state this year on new school buildings was about $18,000 less due to the fact that only one payment will be received this year while last year the town received two such payments, one of which was for the year previous.

The increase in valuation was about the same as in past years, $600,000 on real estate and about $70,000 on personal property.

The total requirements this year are $1,705,319 of which $1,580,714 is for the town. Last year the total requirements were $1,627,712 of which $1,513,817 were for the town.

Following the announcement of the tax rate the assessors received from Edward C. Wilson, associate commissioner of corporations and taxation, a letter thanking them for their cooperation in forwarding the copy of the assessors' work sheet showing that the tax rate developed by the local board was in good order and approved.

No. 1 in SALES in "Go" in looks in ride in resale value

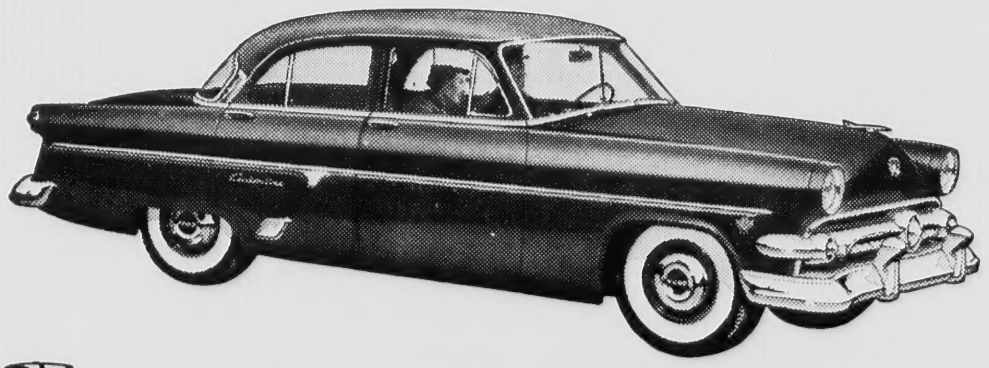

Over the latest seven-month period covered by available figures, Ford has been the nation's best seller. And that's because Ford has proved that it offers the most . . . in engineering advancements—in trend-setting styling—in value! Ford is America's best seller because it's America's best buy!

Ford's new 130-h.p. Y-block V-8 is the most modern in the automobile industry . . . the only V-8 in the low-price field! And Ford's 115-h.p. I-block Six is the industry's newest Six. Both of these engines give you the smoothest, savingest performance you've ever experienced.

You'll see more Fords parked in front of the finest homes and country clubs than any other car in its field. One reason is that many people who have owned the costliest cars realize that Ford offers the same beauty, quality and distinction—and for a far more practical price.

Ford is unsurpassed in riding comfort or ease of handling. A big reason is Ford's new Ball-Joint Front Suspension . . . which allows more total up and down front wheel travel for a smoother ride . . . keeps front wheels in line longer . . . so handling *stays* easy longer.

Surveys show Ford cars return more of their original cost when they are sold than any competitive make. So a Ford car costs you less to own.
